## Camera interface wiring diagram

Scania Infotainment Premium

**Please note!**  
**Camera 1** input can be programmed by Scania workshop for activation **Extra camera** via Canbus  
 If Canbus is not programmed, **Extra camera** can be activated via green trigger wire.  
 Trigger wires overrules Canbus  
**Trigger priority by triggering same time**  
 Green: highest priority  
 White: second highest priority  
 Blue: lowest priority
